MARKET OVERVIEW AND TRENDS

EXECUTIVE SUMMARY OF GIBTP

OPPORTUNITIES AND EXPECTATIONS

A nighttime photograph of a port. A large white cargo ship is docked at a pier, surrounded by numerous cranes and bright lights. The lights reflect on the dark water in the foreground. The sky is a deep blue.

MARKET OVERVIEW & TRENDS

Competitive Advantages

of Construction and Publics Works In Côte d'Ivoire

1. ROBUST DEMAND

- Infrastructure including investments in roads, railways , Energy and ICT sectors
- Relatively high levels of housing needs
- Electric power generation and transmission infrastructure related

2. ATTRACTIVE OPPORTUNITIES

- Development of infrastructure has a multiplier effect on demand increases entrepreneurship opportunities
- Infrastructure and Public Works sector contributed to **7.5 % of GDP** growth in 2023 vs **2% in 2010**
- Creation of National Public-Private Committee to facilitate Legal and Regulatory Framework PPP Process

Competitive Advantages

of Construction and Public Works In Côte d'Ivoire

3. GOVERNMENT SUPPORT

- Focus of government on infrastructure and Public Works projects
- Encourage private investors in form of Public-Private-Partnerships (PPPs) and Build-Operate-and-Transfers (BOTs) agreements
- NDP 2020-2025 is implemented with significantly enhanced projects in various sectors ICT, Road, Railways , Energy, Transport, Water supply and sanitation
- National Agency and Infrastructure Delegated contracting authorities are set up as collaborative partners between Government of Cote d'Ivoire , global investors, multilateral development banks (MDB) and domestic Banks.

4. INCREASING INVESTMENT

- Budget 2022-23, capital investment outlay for infrastructure was 4,1 Billions USD
- Government established to enhance opportunities for private investment in infrastructure that will assist all stakeholders for private investment in urban infrastructure including Railways, Roads, Energy, Housing.

Trends

of Construction and Publics Works In Côte d'Ivoire

Around 4,000 companies in 2022

6% Large size Companies
29% Medium Companies
65% Small Companies

Consolidated Revenue 2200 Billions XOF

3,8 Billions USD (INS, MEF, 2022)

+ 70 000 Direct Employments
3rd Largest Jobs provider INS, 2022)

+ 20,2% Growth rate
7,5 % of GDB in 2022 Vs 6,7% in 2021
(MEF, 2022)

3 MAIN SECTORS :

Construction & Real Estate

- Real Estate and Development
- Construction, Building

Total Revenues
858 Billions XOF
1,455 Billions USD

Road & Public Works

- Road and railways construction
- Excavation ,high voltage line network
- hydraulic works system ;
- canals and collectors networks

Total Revenues Total
902 Billions XOF
1,53 Billions USD

Specialized related activities of construction

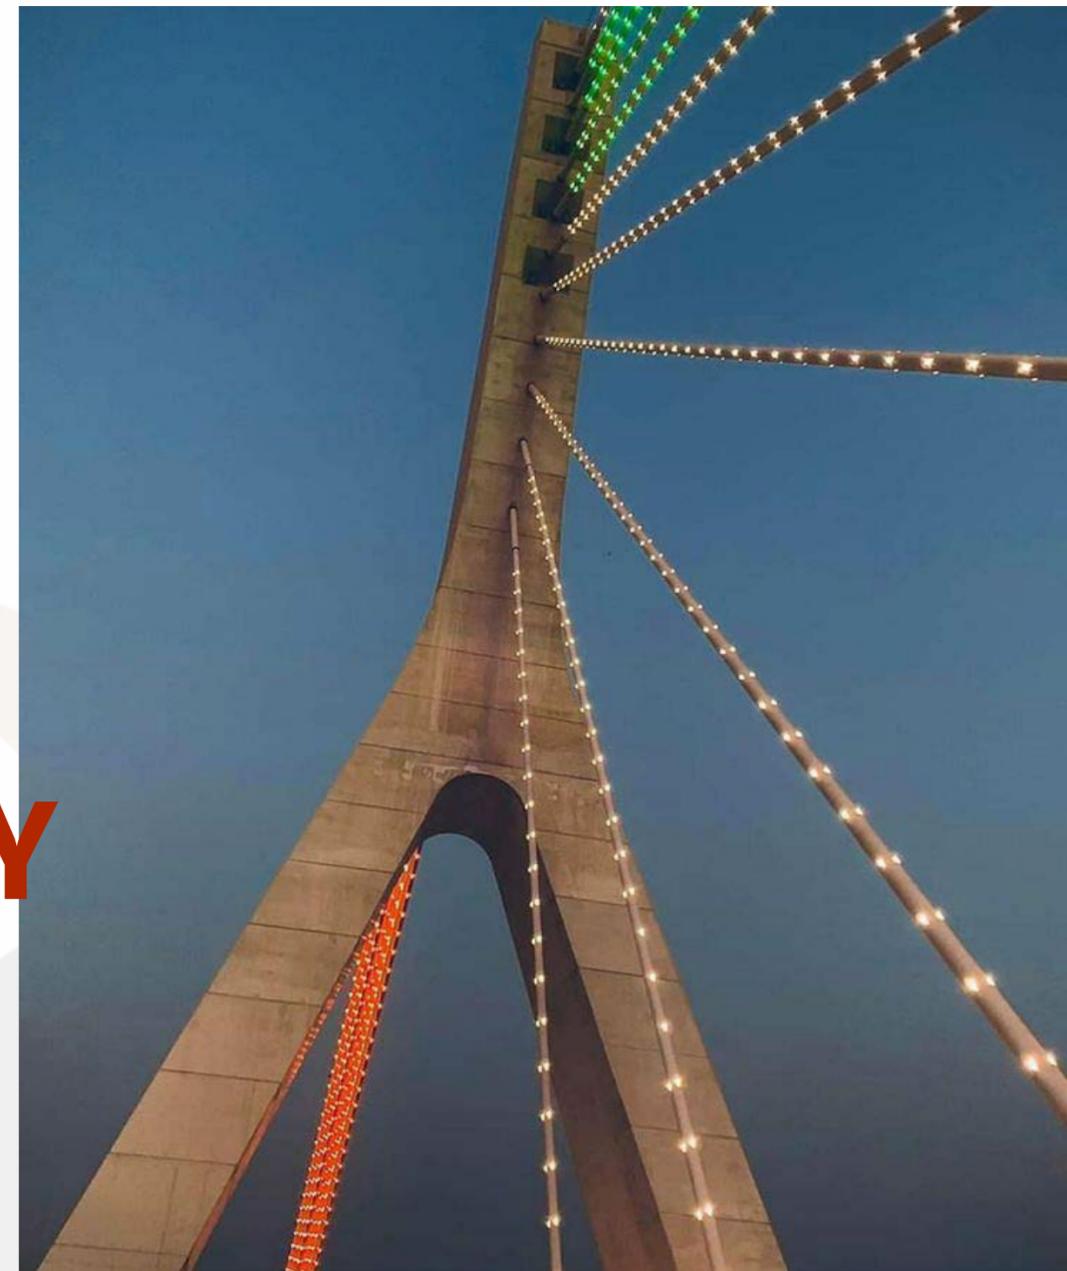

- Démolition and Site Preparation
- other building completion and finishing work
- Other related activities

Total revenues
440 Billions XOF
748 Millions USD

EXECUTIVE SUMMARY

GIBTP

GROUPEMENT IVOIRIEN DU BÂTIMENT
ET DES TRAVAUX PUBLICS

OUR MISSION

- Advocacy and defense of member's Interests
- Provide value added service to Members
- Promote and Encourage Infrastructure and public Works Industry
- Support and strength members capacity building through training and program
- Contribute to the international expansion of our Members
- Develop partnership and technical cooperation between our members and foreign companies
- Provide statistic and strategic information for Infrastructure sector

OUR REPRESENTATION

- Vice-Chairman and Member of Board of CGECI
- Member of Board of Development and Vocational Training Fund (FDFP)
- Member of Board of National Regulatory Authority for Public Procurement (ARNMP)
- Construction and Public Works Coordinator Branch

TECHNICAL MINISTRY

- Ministry of Construction, Housing and Urbanism
- Ministry of Roads and Equipments
- Ministry of Hydraulic and Sanitation

DELEGATE CONTRACTING AUTHORITIES

- Road Management Agency (AGEROUTE)
- Water National Office (ONEP)
- Sanitation and Drainage National Office (ONAD)
- Road Maintenance National Office for Technical Studies and Development (BNETD)
- Funds (FER) ...

PRIVATE COMPANIES

- Companies
- Architects
- Engineering and Consultancy Firms
- Geotechnical Laboratories , Certification Mission for control and supervision work

PUBLIC PROCUREMENT AUTHORITIES

- The Public Procurement Directorate (DMP) (DGMP)
- National Regulatory Authority for Public Procurement (ARNMP)

OTHER ASSOCIATIONS

- National Chamber of Engineers and Experts (CHANIE)
- Corporation of Land Surveyors(OGECI)
- Corporation of Real Estate and Property Developer (CNPC-CI)

FINANCIAL PARTNERS

- Multilateral Financial and Development Banks (BOAD , BAD , BID)
- Commercial Banks
- Insurance Companies

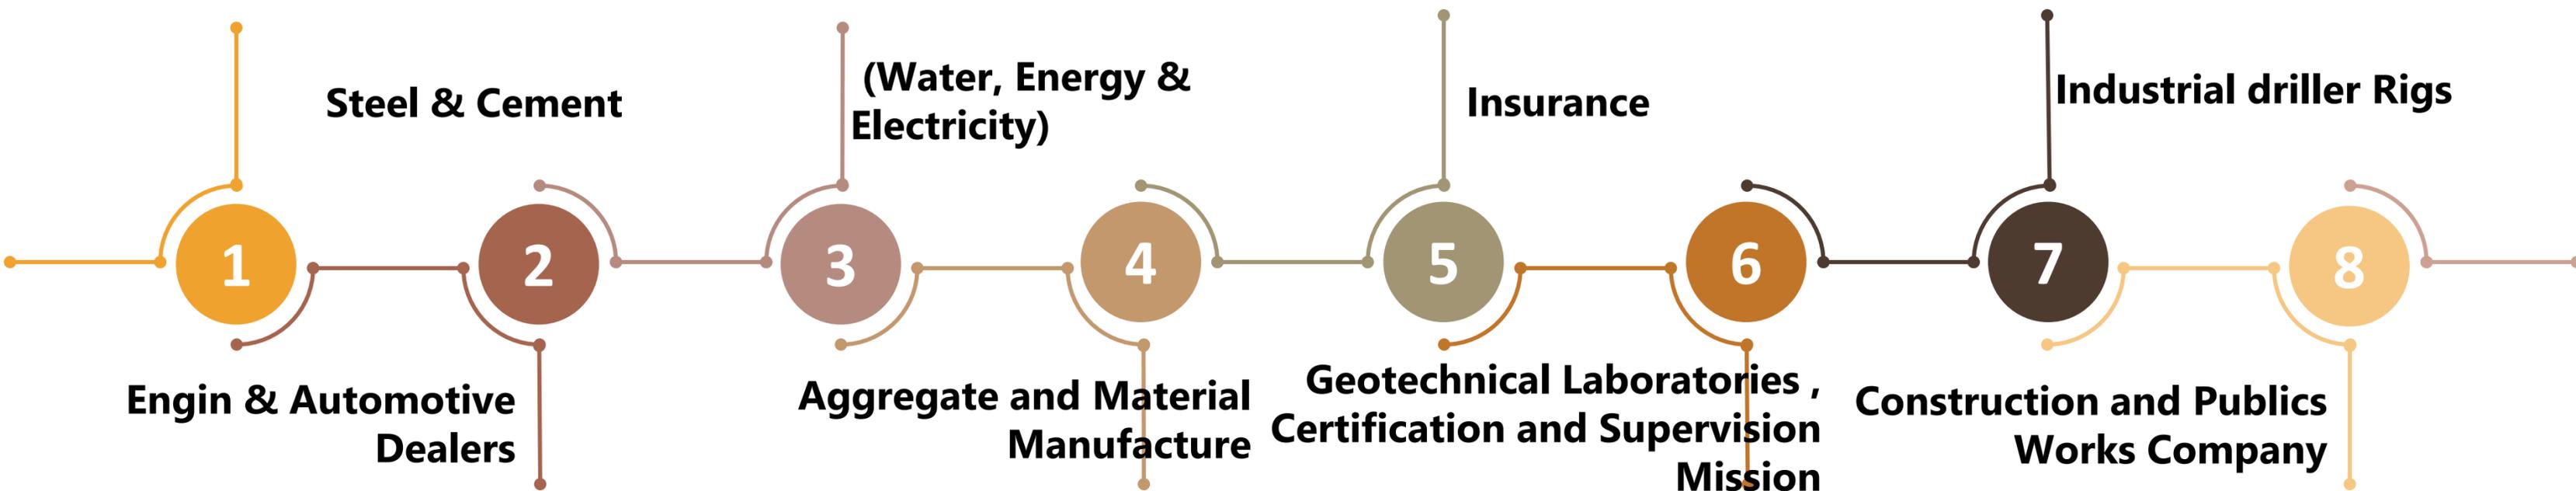

**MAIN
INTERLOCUTOR**

3.OPPORTUNITIES & EXPECTATIONS

ENERGY AND ELECTRICITY

NDP 2025 - 2030

- Over the period 2025-2030 , the total amount of financing to be mobilized is estimated at approximately 4,465 billion CFA (7,6 Bln UsD) for all planned investments.
- Double capacity from 2229 MW to around 4500 MW in 2030 ;
- Reduce average outage time below 10 hours ;
- Increase coverage and efficiency access rates to 100% ;
- Increase infrastructure for the production, transport and distribution of electrical energy
- Increase the share of renewable energy in the energy mix and reduce greenhouse gases

21 Hydroelectric Biomass and Solar Plants Projects

**Estimated Cost : 774 Billions XOF
(1,3 Billions
USD)**

CONSTRUCTION AND HOUSING

NDP 2025 - 2030

- Deficit is 600,000 units, increasing around 40 to 50,000 units / year
- Construction of 150 000 Units/year
- Rehabilitation of Public Buildings
- Construction of new small administrative cities

OPPORTUNITIES

INF	PROJECT/PROGRAMM	COST Millions CFA	COST Million USD
URBANISM & HOUSING	150,000 housing units for direct purchase and hire-purchase (60% Social and Economic Housing)	3 450 000	5 877
URBANISM & HOUSING	9 mini administrative cities in the nine (9) major regional economic hubs (Daloa, Yamoussoukro, Man, Odiénné, Bondoukou, San pédro, Bouaké, Abengourou, Korhogo)	177 250	302
URBANISM & HOUSING	Building the "Place de la Nation" complex (PPP)	87 000	148
URBANISM & HOUSING	Rehabilitation Immeuble Pyramide (PPP)	30 000	51
URBANISM & HOUSING	Rehabilitation Immeuble BICICI (PPP)	21 000	36
URBANISM & HOUSING	Rehabilitation Immeuble Symphonie	11 000	19
URBANISM & HOUSING	Rehabilitation administrative cities of Yamoussoukro	2 765	5

A photograph of a water treatment facility. In the foreground, a large, rusted metal pipe curves from the right towards the center. Below it, a concrete dam structure is visible, with water cascading over it in several small waterfalls. The water is clear and white with foam. In the background, there are more industrial structures, including a large building with a glass facade and a fence. The sky is blue with some clouds. The overall scene is an outdoor industrial setting.

HYDRAULIC & SANITATION

SECTOR	PROJECT/PROGRAMM	COST Millions CFA	COST Million USD
HYDRAULIC AND SANITATION	Sanitary waste sector (collection, transport, treatment and disposal) in the inter-municipal hubs	250 000	426
HYDRAULIC AND SANITATION	Construction of 07 wastewater treatment plants in Anyama, Vridi Gada, Koumassi-Adjuahui, Cocody-Bingerville, Vitré 2-Bassam, Pk24 and Songon-Kassemblee	245 616	418
HYDRAULIC AND SANITATION	Building transfer transit infrastructure	239 122	407
HYDRAULIC AND SANITATION	Project of Extension wastewater networks and rainfall in the cities of Grand Bassam, Yamoussoukro, Bouaké and San-Pédro, Man, Korhogo and Dimbokro	229 585	391
HYDRAULIC AND SANITATION	Project of Extension of wastewater networks and rainwater in the commune of Marcory-Koumassi	160 333	273
HYDRAULIC AND SANITATION	Construction of Technical Landfill Centers (08) and the Transfer Centers (29) for the modernization and management of solid waste : Bloléquin, Guiglo and Duekoue, Daloa, Gonate, Bonon and Bouaflé, San-Pedro and Sassandra; Agboville, Adzopé and Akoupé; Daoukro, Bongouanou and Arrah; Assinie, Bonoua and Aboisso; Gagnoa, Lakota and Divo; Yabayo, Soubre and Méagui.	153 970	262
HYDRAULIC AND SANITATION	Extension of wastewater networks and rainwater in the communes of Cocody East and Anyama	129 730	221
HYDRAULIC AND SANITATION	Eco-centre for the treatment, recovery and disposal of industrial waste	17 000	29
HYDRAULIC AND SANITATION	Eco-centre for the treatment, recovery and disposal of industrial waste	15 000	26

EXPECTATIONS AND NEEDS OF GIBTP MEMBERS

1. Joint Venture

- JV with Japanese companies for Urban and infrastructure Projects

2. TVET Center

- Technical assistance and support from Japanese partners for GIBTP TVET Center;
- Reduce operational risks by seconding and acceleration local human resources building capacity

3. Partnership to develop a local industry for materials and furnitures

- Develop strong partnership and business Expansion with Japanese construction industry
- Build win-win relationships with Japanese companies on deep mutual trust basis
- Access to the market of CEDEAO

5. Public Private Partnerships (PPP)

- Develop Public-Private Partnership synergy with Japanese companies (international competitiveness of Japanese companies, promoting "Quality Infrastructure" with advanced technology in these various projects presented)

4. Expertise in Housing

- Prefabricated technology
- Build strong partnership in vertical mass housing production
