Art and craft for a better living with Waves & Particles

Expertise in Design and Layout

**RFIC
layout**

**Mixed Signal
IC layout**

Digital Design

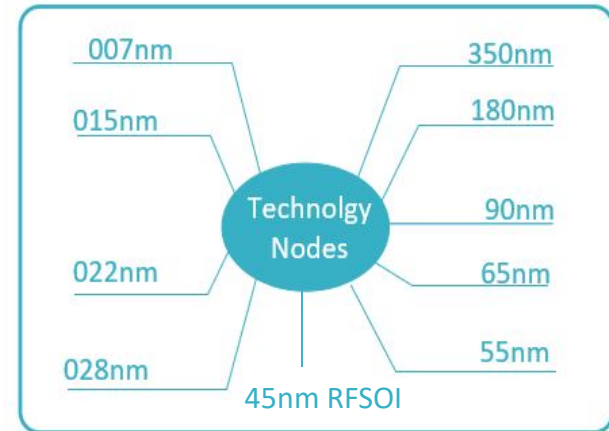

**Sensors &
Interfaces
layout**

Quick Glance:

We offer services for

- High-quality IC layout engineering services.
- Rad-Hard design and layout engineering
- ASIC, IP, RFIC layout engineering for space and automotive grade devices.
- High-speed data converters, RFIC designs on custom engagement.
- Digital design for ASICs and IP test-chip interface systems.

- Hands on with 7 semiconductor foundry PDKs
- 25 + Engineers,
- ~ 30 Tape –outs since 2017
- Clients in India, USA & EU.

Applications:

- Space
- Automotive
- Industry
- Consumer electronics

WnP is looking to offer services to any of the following semiconductor companies* in Japan.

Screen Holdings Co Ltd.
Elpida (Micron)
Renesas Electronics Corporation
Sharp Global
ShinDengen
Socionext
Thine electronics
Semi
Fujitsu

Amkor
Architek
Foxconn
SK hynix
Omnivision
ON Semiconductor
Sony Energy Devices
Sony Semiconductor solutions
Spansion (cypress)
Toyota
UMC

* Please note that the above list made via search from internet. Request IJCC help us to share list of Semiconductor design companies and foundries in Japan.

The Team

Our culture is 'Innovation' and 'smart work' is way of life

Thank you.
