

## MONTHLY PROGRESS REPORT

# The Project for Promoting Youth Employment Through Automotive Maintenance Skills Training

### Output 1. DEVELOPING COMPETENCY-BASED AND DEMAND DRIVEN CURRICULUM

Successfully completed all the Unit Standards ranging from level one to level five for the Automotive Mechanic Curriculum. Presently, we're in the consultation stage, arranging visits to institutions and industry stakeholders to gather feedback from all 16 provinces in Sierra Leone. Simultaneously, we are preparing all the logistical arrangements to start the development of Entrepreneurship Curriculum.

### Output 2. ESTABLISHING A CENTER OF EXCELLENCE FOR AUTOMOTIVE TECHNICIAN TRAINING

Four automotive trainers from the Government Technical Institute (GTI) Kissy successfully completed a four-week Training of Trainers (ToT) program at the Toyota Kenya Academy located in Nairobi, Kenya. During this program, the trainers from GTI underwent intensive training in four distinct areas, including "Engine Systems", "Overhauls", " Suspension Technology & Steering Types", " Security System & Body Electrical", and also soft skills trainings to develop entrepreneurship mindset.

The rehabilitation tender for the Automotive Training center at GTI kissy has been closed, with eight companies submitting their proposals. We are presently in the phase of assessing qualifications and conducting technical reviews of the bids.

## OUTPUT 1

Completed: 1  
In Progress: 2  
Planned: 5  
Remark: Ongoing with delay

## OUTPUT 2

Completed: 2  
In Progress: 5  
Planned: 7  
Remark: Ongoing with delay

## OUTPUT 3

Completed: 0  
In Progress: 0  
Planned: 5  
Remark: No activity due as per plan
