

JICA's efforts to support Japanese/ African private sector, and industrial development in Africa

October 26, 2018

Kei Yoshizawa, JICA

1. Regional Infrastructure and Corridor Development Initiative, launched at TICADIV, V and VI

Source of the Nile Bridge in Uganda

Development of Mombasa port and roads and bridges of the surrounding corridor: Connecting inland states to the Indian Ocean

(Provided by TOYO CONSTRUCTION CO., LTD)

- Container volume will increase from approx. 0.9 million TEU → 2.17 million TEU by 2025
- Comprehensive development of Mombasa port and the East Africa Northern Corridor through the development of access roads and SEZ (Special Economic Zone)

“Source of the Nile Bridge” in Uganda

Completion Ceremony was co-hosted by Ugandan President Museveni and Japanese State Minister for Foreign Affairs Sato on October 17, 2018

2. ABE (Africa Business Education) Initiative, launched at TICADV and VI

Group Photo at the welcome reception on September 5, 2018

ABE Initiative has welcomed over 1200 youth from Africa since 2014 to a scholarship program over 2 years in Japan for master degree and internship in Japanese companies, aiming at getting practical experience and contact with Japanese business community.

3. KAIZEN Initiative, launched at TICADVI

Cases in Tanzania (above) and Ethiopia (below)

Before KAIZEN

After KAIZEN

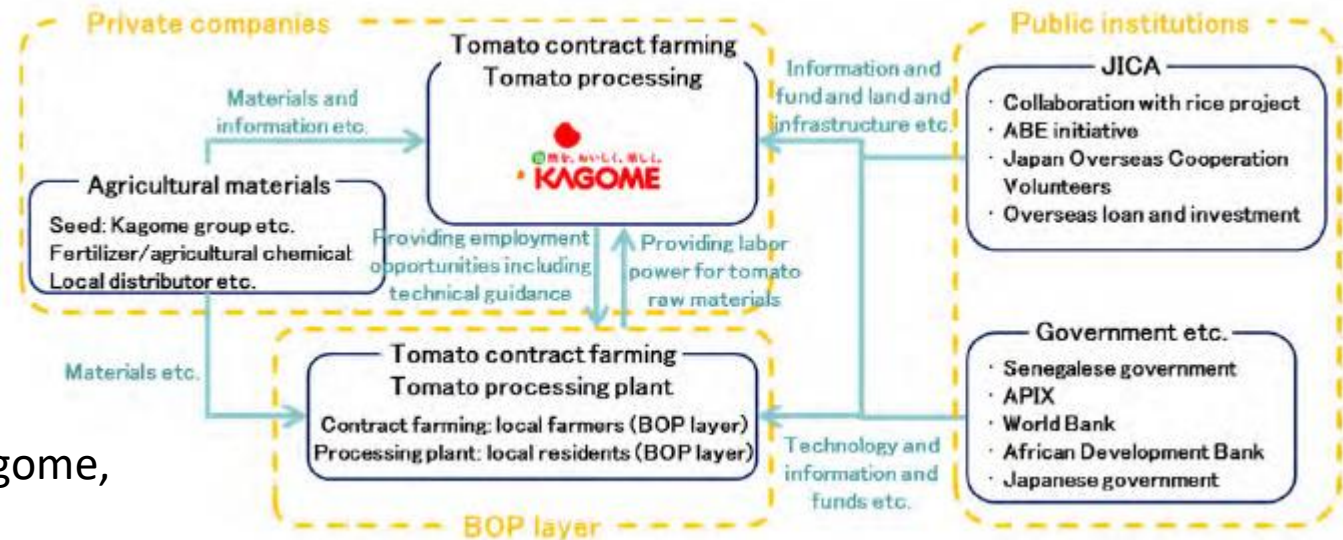

4. Supporting Japanese private business in Africa

Harvesting tomatoes at the test cultivation field (Saint-Louis). Harvesting tomatoes into crates (harvesting baskets).

5. Science, Technology and Innovation toward TICAD7

Who and How: STI for Leapfrog Africa through Open Innovation

SDGs

STI Private Investment to Africa

STI use Solution Provision for Africa's Development

- ✓ **Raising Awareness** among multi-stakeholders in relation to Africa's development using the power of STI.
- ✓ **Consensus Building and Acceleration** particularly between African countries and JICA to re-identify development agenda and practice of using the power of STI.
- ✓ **Resource Mobilization and Ecosystem** through inclusive and collective approach with multi-stakeholders include encourage private finance to accelerate the STI for Africa's development.
